

# LED BATTEN LIGHT

## Specification

### 一、 Product Features

- The new integrated LED T8 Fixture, innovation for new technological products, subvert the traditional technologies and applications, achieve the perfect fit of the lamp and lamp holder, bring easier, more efficient solutions to home and office decoration.
- The integrated main body uses fire protection of engineering design, double insulated wires, no leakage risk, safe and secure
- Lighthouse is very lightweight, it has a variety of installation methods such as ceiling and hanging to meet different use of the environment, creating a lower installation and maintenance costs.
- Has excellent low temperature start-up performance, lamp life up to 36,000 hours, much higher than traditional T8 fixture 4 times.
- CRI $\geq$ 80Ra, comfortable light color present better atmosphere.
- New type of lamp holder with elegant appearance, without mercury, effect of energy saving is double than traditional lamp, more suitable for environment matching.
- Product of A+ energy efficiency

## 二、 Technical Parameters

### CE RoHS

Voltage	220-240V	Frequency	50Hz
CRI	≥80Ra	PF	>0.9
Beam angle	120°	Hg%	0
Main material	PC	Packing:	40 pcs/carton

Barcode	Length	Power	CCT	Lumen	Protection	Life span
184452	0.6m	20W	4000K	1660lm	IP20	35000h
184445	0.6m	20W	6000K	1660lm	IP20	35000h
184476	0.9m	30W	4000K	2490lm	IP20	35000h
184469	0.9m	30W	6000K	2490lm	IP20	35000h
001956	1.2m	40W	3000K	3220lm	IP20	35000h
002694	1.2m	40W	4000K	3220lm	IP20	35000h
001963	1.2m	40W	6000K	3220lm	IP20	35000h
001970	1.2m	40W	3000K	3220lm	IP65	35000h
001987	1.2m	40W	6000K	3220lm	IP65	35000h
004902	1.5m	50W	4000K	4150lm	IP20	35000h
004919	1.5m	50W	6000K	4150lm	IP20	35000h
